**University of Idaho**

Biological & Agricultural Engineering  
University of Idaho  
PO Box 440904  
Moscow, ID 83844-0904

***What you need to know to be a part of this rapid-growth industry***

### **Workshop Topics**

- Growing oil seeds in the Pacific Northwest
- Processing oil seeds
- Co-product meal as Bio-pesticide
- Co-product meal as animal feed
- Glycerin co-products
- Biodiesel production practices
- Standards and fuel quality
- Feedstock choices
- Biodiesel economics

### **Workshop Registration**

By June 2, 2006 — \$75

After & at-the-door — \$105

Register by web or by phone

[www.BiodieselEducation.org/conference](http://www.BiodieselEducation.org/conference)

1-866-651-5322

Registration includes:

- Printed Technical Materials
- Breakfast & Lunch

**June 15, 2006  
Coeur D'Alene Resort  
Coeur D'Alene, ID**

**AUTHORITATIVE INFORMATION ABOUT THE  
FASTEST GROWING ALTERNATIVE FUEL**

# ***“From Field to Fuel”*** **Biodiesel Production Technology**

***What you need to know to be a part  
of this rapid-growth industry***

**June 15, 2006  
Coeur D’Alene Resort  
Coeur D’Alene, ID**

**Sponsored by  
USDA National Biodiesel Education  
Program  
and  
Biological and Agricultural  
Engineering  
at the  
University of Idaho**

***Pioneers in Biodiesel  
Research***
